Hugo Grotius's *Remonstrantie* of 1615

Facsimile, Transliteration, Modern Translations and Analysis

Authors: David Kromhout and Adri Offenberg

Grotius wrote the *Remonstrantie* around 1615 at the request of the States of Holland, to define the conditions under which Jews were to be admitted to the Dutch Republic. At that time, he was already an internationally recognized legal expert in civic and canonic law. The position taken by Grotius with respect to the admission of the Jews was strongly connected with the religious and political tensions existing in the Dutch Republic of the early 17th century. The *Remonstrantie* shows how Grotius's views evolved within the confines of the philosophical and religious concepts of his time. It is an example of tolerance within political limits, analyzed by the author David Kromhout and made accessible through a modern translation.
